

BoscoLighting's GT8 Recessed Downlight is one of the most popular downlight choices for commercial and residential projects.

Rated at IP54, it is resistant to splashing water, making it perfect for applications under the eaves of a home or business. The downlights are easy to install, last a long time and can be wiped clean for an ever-new look.

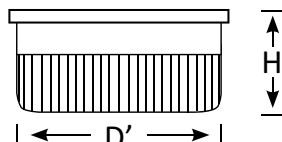

Also available in SMD diffused version. It can provide a nice wash of diffused light into a room.
