

BoscoLighting's 7W LED downlights are the perfect solution for under-shelf task lighting and accent illumination. These compact, low-voltage downlights will add an elegant layer of design to kitchens, galleries, display cabinets, jewelry shops, and any room where additional lighting is needed. The energy-efficient design ensures these downlights remain cool to the touch, preventing wasted energy and unnecessary heat buildup.

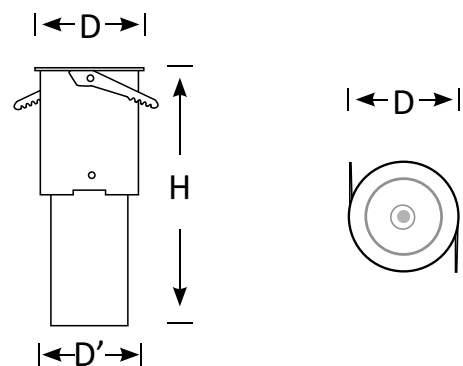

Supplied complete with an LED driver and flex & plug, these 7W downlights are easy to install and integrate into your existing electrical setup. Cast focused light to showcase your prized possessions or create a warm, inviting ambiance in your space.
