

BoscoLighting's IGL1 Linear In-ground Lights can provide fantastic ambient lighting to your outdoor environments. They also add a layer of security to your places as well. With IP67 weather protection, they are perfect for uplighting applications in gardens, drains, driveways or colour washing at trees. Constructed from high-quality aluminium and stainless steel materials, they are very tough, able to be driven over by cars and trucks.

These lights come in a variety of powers and sizes and can be integrated with DMX512 lighting control to create colour changing effects for your projects.

## Features

- Choice of Warm White, Neutral White, Cool White colour temperature options and RGB colour changing or single colours
- Stainless steel finish, aluminium die casting housing with tempered glass lens
- Weatherproof (IP67) to handle any indoor or outdoor situations
- Supplied with canister

## Applications

- Driveways where cars and trucks driving over the lights
- Town Squares and footpaths with high pedestrians traffic
- Walls, trees, building facades and similar uplighting applications
