

BoscoLighting's IGR1 Series Recessed Inground Lights are designed for uplighting applications in gardens, drains, driveways or colour washing at trees to create ambience. Our in-ground lights are extremely tough, able to be driven over by cars and trucks. Providing IP67 weather protection, they are low maintenance, easy to install and cost effective.

These lights come in a variety of powers and sizes and can be integrated with DMX512 lighting control to create colour changing effects for your projects.
