

Specifically designed for underwater use, this **PO1 Underwater Pond Light** is ideal for enhancing the beauty of pools, ponds, fountains, and water features. With its superior IP68 rating, you can trust it to perform flawlessly even when submerged up to 3 meters deep.

The light is supplied with an adjustable bracket which allows for changing directions when necessary.

Also available as a colour changing option, RGB or single colours.

Features

- Choice of Warm White, Neutral White, Cool White colour temperature options and RGB colour changing or single colours
- Stainless steel housing with tempered glass lens
- IP68 waterproof
- Adjustable stand to vary the angle of the light
- Safe low voltage

Applications*

- **Botanical Gardens:** Illuminate ponds, streams, and other water features within botanical gardens for enchanting nighttime walks.
- **Ponds:** Add a touch of elegance to your garden or landscape by lighting up your pond and showcasing water features, fish, or aquatic plants.
- **Fountains:** Enhance the beauty and drama of fountains in public parks, gardens, or commercial settings with vibrant underwater lighting.
- **Water Features:** Highlight waterfalls, cascades, or other water features in gardens, resorts, and recreational areas for a mesmerizing effect.

*for underwater applications only.
