

BoscoLighting's LED Garden Spotlights are housed in an IP65 rated fitting, ensuring protection against moist environments. The spotlights are perfect for brightening trees, sculptures or textured walls in outdoor areas or to create ambience. The fitting has a fully adjustable head which allows for rotation.

Spike and surface mounted installation options are available. The LED spotlights also come with an optional eyelid attachment to provide an excellent glare-free illuminating effect.

* Default product- surface mounted, no eyelid. For other options please specify on order.

Features

- Colour temperature options: Whites (3000K-6500K), Single Colours, R/G/B/Y
