

Surface Mounted Light YUMI

This surface mounted LED light is perfect for mood lighting and energy saving. With a smart design, it is a great way to install on surfaces such as brick or concrete where traditionally an oyster light fitting would be required.

This light can be used for living rooms, bedrooms, cafes, restaurants, retail shops or wherever stylish design is required.

Our products are easy to install, creating a pleasant feel good atmosphere. They are bright and comfortable and are therefore perfect for use in entrance and waiting areas too.
