

BoscoLighting's 'ME126' Track Lights features an adjustable beam angles and offers the ultimate in control and flexibility.

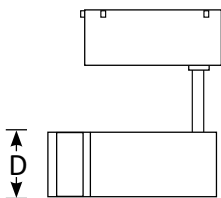

It allows the beam angle to be adjusted and focused as required between 15° – 58° beam angle. It can be used either as spotlights (narrow beam) or a wall wash light (wide angle beam).

Twist and click, the ME126 is designed to be quickly installed in Australian Standard Tracks of 2, 3 or 4 wires (Single or Multiple Circuits). Compatible with DALI control, and DALI track system required.

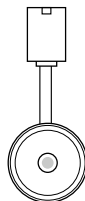

Also Available, Single and Multiple Circuit tracks, joiners and suspension kits.
