Features

- **Default Lengths:** Choose from 1m, 2m, 3m, 4m, or 5m options.
- **Customizable Length:** Tailor the product to your needs with a 250mm minimum cutting unit and a 400mm minimum bending diameter. Note: Cutting the product is not recommended, as it may damage the waterproofing. Please purchase the desired length to ensure optimal performance.
- **Control Options:** Integrate seamlessly with DMX512 control, DALI, and various dimming systems for optimal customization.
- **Versatile Lighting:** Offers CCT options (Single White, Tunable White, RGB, RGBW) and multiple beam angles.
- **Durable Build:** Made from salt-resistant, corrosion-resistant, flame-retardant, and UV-resistant silicone material.
- **Weatherproof:** Boasts an IP65 waterproof rating for outdoor use.
- **Easy Installation:** Offers four installation methods to accommodate diverse project requirements.

Installation

Explore four convenient installation options for the ArcGlow FlexiScape Light:

U-Shape Clip: Perfect for applications with curved facades or walls where the light needs to emit in a vertical or horizontal direction.

U-Shape Extrusion: Ideal for facades with straight lines, suitable for vertical or horizontal light emission.

U-Shape Clip with Adjustable Bracket: Suitable for curved facades or walls, allowing tilting of the light in various directions.

U-Shape Extrusion with Adjustable Bracket: Suited for facades with straight lines, allowing adjustable tilt for diverse light emission angles.

Minimum Bending Diameter

Product Code	BLWW-AFL-24	BLWW-AFL-24TW	BLWW-AFL-18-RGB	BLWW-AFL-18-RGBW
Power (W)	24	12+12	18	18
Luminous FLux(lm)	1850	1600	515	515
CCT	2700K/3000K/ 4000K/6500K	Tunable (2700K-6500K)	RGB	RGBW
Connect	Insulated Cable			
Viewing Angle	15°, 30°, 50°, Oval Beam 20°*35°, Oval Beam 18°*25°, Oval Beam 20° *55°			
Dimming Options	Various dimming options available on request			
Dimensions(mm)	L1000*W29*H24			
Weight(kg)	0.6
