

Available in 36W, 60W, 100W, and 144W variants, this LW7068 Linear Wall Washer light brings power to your lighting projects. Its sleek black finish adds a touch of sophistication to any space. With adjustable mounting brackets providing up to 130 degrees of angle flexibility, the LW7068 lets you direct light precisely where you need it.

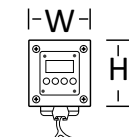

A user-friendly control panel is located on the side, with default RGB color options integrated into DMX512 lighting control. Additionally, customize your lighting with CCT options: 3000K, 4000K, and 6500K.

With beam angles of 15, 30, 45, 60, and 90 degrees, this versatile light is perfect for indirect uplighting, architectural illumination of buildings, facade lighting, commercial wall grazing, and a variety of exterior or interior lighting applications.
